Dear Brethren in Christ,

we invite you to attend the first conference for Israel organized by the Evangelicals in Italy.
These will be days of supplication to the Lord for His people, with time devoted also to Bible studies, songs and praises.

Teachings will be held by several brothers and an open space for personal contributions and testimonies is scheduled.
Members of the Jewish communities, as well as all those who love Israel will be invited.

The time for the Messiah's return is near and we feel the Lord is calling His Church to give evidence on the behalf of Jacob's children, during these grievous times.

As far as logistics is concerned only hotel expenses are due.

A brotherly Shalom
