Aliyah, Rescue & Absorption
Building A Homeland For Every Jew

Over the last 15 years, over one million Olim have immigrated from the Former Soviet Union, Ethiopia, North and South America, Europe and Asia. They have also come from lands such as Iraq, Iran, India and Yemen. New immigrants have been united with their Jewish brethren from every imaginable land and have been flown from their country of birth to their new home.

Potential immigrants from countries of distress and even those Olim who enjoy a higher socio-economic level are financially stretched by the overwhelming expected and often unexpected costs of making Israel their home. In order to defray some of the expenses of Aliyah for individuals, couples and families, but also for genuine and heartfelt ideological reasons, Keren Hayesod - UIA funds the cost of the flight for each new immigrant. As a result, the prospective immigrant can rest assured that his/her flight arrangements cared and paid for.

This assistance translates into critical savings for new immigrants, especially those coming with families. In some cases, it can make the difference in making the vital decision to leave everything and start a new life in Israel.
